MONNA-PHALA  
- SECURITY AND CLEANING -

## **WELCOME TO** **Monna Phala** **SECURITY COMPANY** & Training Academy

**W**hen it comes to the safety of lives and security of earned goods, we are passionate about providing a service that is not only tactical but personal to us. We thank you for reading our profile and trust that you will be satisfied with the information you are presented with. The journey of operating a security company is not one that was built from a mere desire to generate money through a business, but it is one that was birthed through circumstance in our everyday lives.

Many South Africans face crime daily. If it is not directly affecting you, it is most certainly affecting someone you know. A company like Monna Phala aims to give you a personal service to you and your company.

You will see that all our services are similar to other security companies, however our business stands out from the rest. Our unique offering is that we pursue continuous improvement through training and personal development for each of our professional and trained security guards. Through this we constantly improve the service for the same cost you commissioned.

*Welcome and thank you for considering our service.*

MONNA-PHALA

“ *Your safety and security is our business* ”

## Our Company

MonnaPhala Security is a professional 100% black owned and managed company that has been operating since 2019. MonnaPhala security confidently offers a complete security solution and services.

## Group Vision

Is to grow MonnaPhala Security into one of South Africa's most respected businesses. Through which its focal point is to provide quality service at all times and to give our clients value added services at a reasonable cost.

MONNA-PHALA  
"SECURITY AND CLEANING"

## Mission Statement

We are going to utilize all the experience, knowledge and best technology available and to keep people safe and satisfied. And we going to interact with our customers to ensure their trust in us and offer the best safety and security solutions that will enhance their business efforts towards affirmative procurement as pushing factor for the development and support of suitable small and medium enterprises. Our mission is to assure security in our communities so people can insure.

# OUR COMPANY SECURITY SERVICES

- Unarmed guards & armed guards
- Guarding services
- Events management & crowd control
- Escort
- CCTV Surveillance
- VIP Protection

## Unarmed & Armed Guards

Our security officers are highly trained and accredited with the Private Security industrial regulation authority (PSIRA).

Security officers are under going on the job training as stipulated on the site inspection / client instruction. This is to ensure that our security officers understand dynamics of any organization and can perform any given task at any given time. Our security offers understand that to provide a

service that exceeds your expectations is the vision and mission of the company from a recruitment to the placement on the job. In this way we ensure that our security officers are utilized in a wide spectrum and beyond. They can produce essential access control at a corporate, residential and industrial site efficiently. We provide services of guard posting on casual sites, out of town sites and or where necessary.

# Covering The Following Sectors

- Retail and shopping centres
- Industrial sites
- Residential properties
- Commercial and warehouse logistics
- Corporate buildings
- Event management
- Security surveys
- Vehicle escorts' / VIP
- CCTV Surveillance operator

Our security officers are dressed in our official uniform when on duty. This allows people to associate the level of security with a credible security company. Branding of our guards and vehicles is important to us as it allows us to show that our footprint extends wide which allows for a better network

in fighting crime | communities.

Our under-cover guards and escort agents to may ware uniform. We assess the operation and level of safety we need to mitigate before we deploy identifiable agents or uniform security guards.

**We protect. We secure. We keep watch, so you don't have to. We make people feel safe.**

# MonnaPhala

## PRIORITY

MONNA-PHALA  
- SECURITY AND CLEANING -

We provide high quality service which are designed to ensure that our clients are adequately happily secured. Our Unique value proposition is that we have a close relationship with our clients and ensure that we understand their needs before we tailor a security plan for their personal living space or enterprise / business.

## TAILORED SERVICES INCLUDE

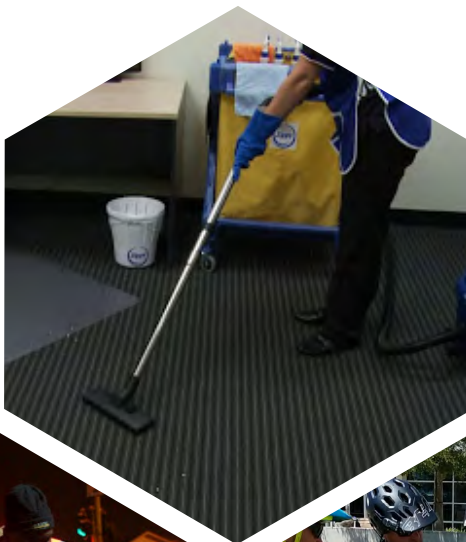

- Crowd control in the event of a strike protecting client property
- Searching of lost persons
- Restraining where necessary
- Guarding
- Patrolling and protecting goods
- Security officers can be utilized to clock an active guard patrolling
- Monitoring systems that can be linked to control room 24/7
- Security guard can be utilized to so access control of personal or vehicles and keep accurate time of all movements if necessary

# VALUE AND ADDITIONS

MONNA-PHALA  
- SECURITY AND CLEANING -

We also provide other services like house, corporate cleaning, building cleaning and offer event cleaning. We provide services of guards in road closures. Street Patrolling can be done on foot or on bicycles depending on clients needs.

## POST EVENT CLEANING SERVICE

Cleaning services are also offered for post event clear up. This is critical as we understand safety and the probabilities of dangerous items being

left behind after an even. Our security guards secure the venue and make sure that the cleaning personnel are ready to work the venue.

# Intelligence is at the center of our technology

## CCTV CAMERAS

As part of our range of services we also install and maintain CCTV cameras and control rooms. Having a third Eye over your company operation is important as it allows

you to focus on your business and not on the things that can harm your operation. Let us be the ones that install, maintain and supervise your security camera system.

## WHAT YOU NEED TO CONSIDER BEFORE INSTALLING CCTV

- Place cameras appropriately for viewing area
- Consider your lighting
- Place CCTV cameras to monitor hidden entry points
- Watch the front door
- Use the appropriate security cameras for their application
- Protect or hide your cables

- Install only outdoor surveillance cameras outdoors
- Secure your equipment
- Consider you video management, retrieval and storage

# TRAINING ACADEMY

DEVELOPMENT

MONNA-PHALA  
- SECURITY AND CLEANING -

Through our inhouse NPO partnership with Open Door Skills and Learning Centre, MonnaPhala is strategically positioned to enforce our company culture of continuous development of our personnel. We have carried this notion across to the community to enable youth, women and the unemployed to gain access to accredited training and skills development.

## TURN-KEY SOLUTION

Our Academy is a turn key solution to client's security guard needs. Having an academy that continuously trains new security personnel is a driver to ensuring that we always have access to skilled individuals for our clients security needs.

## WHAT WE OFFER AT THE ACADEMY

The accredited training, we offer include industry standard training that is approved by PSIRA. These include Grading from A to D and also involve additional training in Fire Arm skills, First Aid training and self-defense.

## SELF DEFENCE & FIRST AID TRAINING

# VEHICLE TRACKING AND RECOVERY

MonnaPhala Tactical is also an accredited ANTI HIJACKING UNIT responder and installer on vehicle tracking units for various well established companies in the industry. We are a national footprint recovery and tracking company in the Southern hemisphere with a lot

of affiliation in vehicle tracking, monitoring and recovery. And we also assist private clients to recover their stolen, lost or hijacked vehicles nationally per request. We are one of the best recovery team around Soweto and surrounding.

## Navic/NPRC

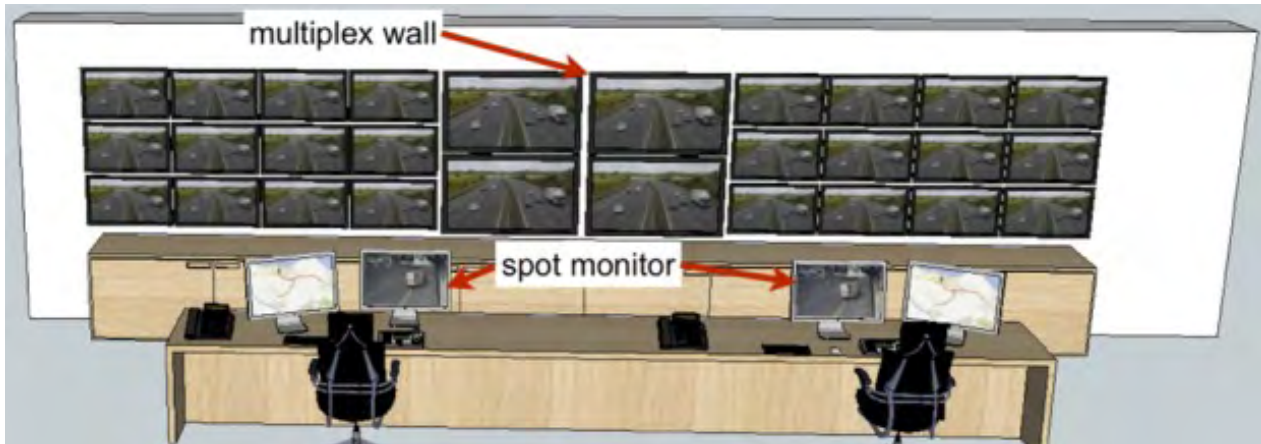

National Vehicle Intelligence Cloud (Navic) is a vehicle tracking intelligence system to recover lost, stolen and hijacked vehicles in South Africa.

These vehicles are loaded by the South African Police Services (saps), metro police (JMPD) by enatis and other crime fighting security agencies into the platform for vehicles that are

suspiciously identified, stolen, hijacked and identified cloned by the use of Number Plate Recognition Cameras (NPRC). The vehicles are recovered which Monnaphala Tactical has the knowledge and intelligence of the Navic/NPRC system in their vehicles, sites and offices. That is one of its unique features that makes Monnaphala Tactical standout.

# TECHNICAL SECURITY SYSTEMS

We offer tailored technology driven services that will allow you and your company to feel safe and secured. These systems need to be installed by our accredited installers and monitored by professionals.

## CCTV CAMERAS

Best security systems are designed and focus on assisting and investigating be it at home or business premises. CCTV cameras footage enhances the security of your business or home. Security today deals

with variety of crime trends, so to keep up with the dynamic safety every business and household should have CCTV cameras installed. This makes customers and visitors feel much safer whilst it serves you as a deterrent to criminals

## ALARM SYSTEM

Whether you are a business owner or home owner or live in a complex or township, it is highly recommended that you install alarm systems that suits your needs and budget. This is to your advantage as many of us have been affected by crime and /or know someone who was affected by crime at home or work. Various researches have proved that majority of

break ins and loss of property occurs more in premises without alarm systems. So basic security systems can be of great assistance as it can detect intrusion depending on how it is positioned and zoned, by on doors, windows or beams around perimeter fence which can serve as early warning.

# TECHNICAL

## SECURITY SYSTEMS

Security of any home or business perimeter fencing is the first line of defense and can not be taken lightly. Therefore, there are few obvious advantages of perimeter fencing and walls, as they act as a physical barrier and act as an early warning.
